LETTERS OF APPLICATION AND RECOMMENDATION  
DURING THE ADMINISTRATION OF  
THOMAS JEFFERSON, 1801-1809

The Department of State file of Letters of Application and Recommendation for appointment to Federal office (1791-1901) is arranged in units that correspond approximately with Presidential administrations. On 12 rolls of this microfilm publication are reproduced the letters of this series for the administration of President Thomas Jefferson. The letters are arranged alphabetically by surname of the applicant or person recommended.

These letters, from all sections of the Nation, concern appointments to every type of Federal office, including offices in the Territories yet to be created in the West. The recommendations were sent in by Jefferson's personal friends, by his political supporters, by Members of Congress, and by Government officials.

The aftereffects of the bitter election campaign of 1800 are evident in the early letters of this period. Jefferson, disavowing the previous administration and its policies, denied office to John Adams' appointees and supporters and filled Federal posts with his own adherents. The distribution of political patronage seems to have rested with Secretary of the Treasury Gallatin and Secretary of State Madison, who endorsed many of the letters with comments about the applicant's political orientation.

At first the Letters of Application and Recommendation were under the authority of the Secretary of State. In 1834 the Department of State was organized into several units, and the Home Bureau became custodian of the letters. Subsequently the series was in the care of the Clerk of Appointments and Commissions, 1846-70; the Bureau of Pardons and Commissions, 1870-95; the Appointment Clerk, 1895-98; the Bureau of Appointments, 1898-1924; and the Appointment Section of the Chief Clerk's Office, 1924-39. In January 1939 the letters were transferred, with other State Department records, to the National Archives.

The series is a part of Record Group 59, General Records of the Department of State. Other papers in that record group that relate to appointments to Federal office include oaths of office, attested copies of confirmations and rejections by the Senate, copies of commissions, resignations, and declinations of appointments.

Additional documentation in the National Archives concerning appointments during the period of Jefferson's administration is

contained in Record Group 107, Records of the Office of the Secretary of War; Record Group 94, Records of The Adjutant General's Office; Record Group 75, Records of the Bureau of Indian Affairs; Record Group 49, Records of the Bureau of Land Management; and Record Group 46, Records of the United States Senate.

The Letters of Application and Recommendation for Washington's administration, which were transferred from the Department of State to the Library of Congress in 1909, are described in Gaillard Hunt, Calendar of Applications and Recommendations for Office During the Presidency of George Washington (Washington, 1901). Similar letters for John Adams' administration, which are in the National Archives, have been reproduced as Microcopy 406.

### LIST OF APPLICANTS OR PERSONS RECOMMENDED

Each entry gives the name of the applicant, appropriate cross-references to other applicants, the date span of documents and their enclosures, and the number of documents that contain a reference to the applicant or applicants. The term "document" as used in this microcopy may be either an individual letter with no enclosures or a letter of transmittal with its enclosures.

The list contains only the names of applicants for positions and of officeholders. It does not list the many important individuals whose letters of endorsement and comment are present in the file.

Examples and explanations of the cross-references used in this microfilm publication are as follows:

1. Abbott, James . . . . See also Griswold, Stanley

Signifies that in addition to the material filed under the name of James Abbott there are references to him included under the name of Stanley Griswold.

2. Abrahams, Abraham D. See Jefferson, Thomas

Signifies that all material referring to Abraham D. Abrahams will be found under the name of Thomas Jefferson.
