Dear Dr. Von Braun:

Regarding your discussion on T-V or the acres or square miles of facetted metal in space to act as a reflective mirror to control heat, weather, etc., the Bible has pre-empted the European physicists' concept thusly - thousands of years ago:

"Fcast them with him spread out the sky, which is strong, and as a heavy metal mirror? (or as a molten looking glass?" Job. 37:18. Also the laser light reflector you left on the moon - "And now (men) see not the bright light which is in the clouds, but the wind passeth and cleanseth them." Job 37:21.

This bright light is the key to the universe - let there be light." - because if you can discern the answer to this question you love it:

"By what way is the light parted which scattereth the east wind upon the earth?" Job 38:14

(John said I am the way.)
If you as a great scientist will look over two chapters at least of John, the Holy Word—Chapters 37, 38, 39, 40, and 41, and apply your scientific knowledge to the ventures here, you can save our nation.

Consider the Great Pyramid at Giza as the first and second point for the laser beam you mention or others mentioned. The great structure built by the Architect of the Universe holds the secret of the Pleiades and Allegory, and solar measurements, but more importantly, it refers to Christ—and the capstone shortly to be placed on its summit—a sapphire three feet high. A cornerstone the same shape as the first of the building refers to Christ. This is on the great seal of the USA, and on the dollar bill and this is how God is going to bring this nation into its priesthood to serve Him—as a temple to the Lord—until—repeat only until—Israel goes home to build the physical temple again in Jerusalem—for it is the city of the Great King—and He is soon to return—the placing of the stone—which the builders rejected—is His "Heraldic..."
Consider the Great Pyramid at Gizeh as the first point for the laser beam you mention or others mentioned. This great structure built by the architect of the Universe holds the secret of the Plastide and Allegheny, and solar measurements, but more importantly, it refers to Christ - and the capstone shortly to be placed on its summit - a sapphire 33 feet high - a cornerstone the same shape as the rest of the building refers to Christ. This is on the great seal of the USA, and on the dollar bill and this is how God is going to bring this nation into its拧嘴hood to serve Him - as a temple to the Lord - until - repeat only until - Israel goes home to build the physical temple again in Jerusalem - for it is the city of the Great King.

And He's soon to return - the placing of the stone - which the builders rejected - is His "Heraldic Announcement." 

To consider the Pyramid - it's in the earth's center.
The dividing of the continents is mentioned subtly and unnecessarily — the fifth (number 5) division — afterwards the flood, into Eber were born two sons; from his days was the earth divided. Genesis 10:25

Her shall be "abundance of peace as long as the moon endureth." Psalm 72:7

"He shall have dominion." Israel's calendar today is fixed on the moon. The ordinances of the night and the day, the sun and the moon, have not departed from us yet. But are His plans that Israel will endure forever. Behold my people are at hand to come home.

These are facts in the world. Israel has entered on her eternal priesthood. 20 years a nation.

God Almighty has tolerated your remarks from your great intellect that your feat in retrieving men from the moon is equivalent to crowning out of the eye. If you persist in such thought, "indeed under the smooth stones of the stream is this pasture" (Isaiah 51:6). The USA is Ephraim, the blessings of Joseph. The two-horned unicorn (church and state) are ours.

hard to turn us to being cursed, instead of blessed. In fact, you could investigate these Bible passages along with your scientific knowledge, and then you might the Mighty God (who hath been His councillor) could give you the secrets to bring forth and rain to the earth: Rain rain and spiritual rain.

I believe in the actuality the sky as a mirror in which life and it all has something to do with salt. Indeed there parallels and analogies exist in the fabric your world—Jesus said, 'Ye are the salt of the earth;' and we do know the hungry, underfed, under-developed in those nations "who know not Christ;" no salt for rain, and the rain—and Israel's land will be green again as they come back, and God will open rivers in high places.

Blessed are, By whom shall Jacob answer? A plumber. The plumber is certainly one your tools. And you know better than laughingly that God "hangs the earth upon nothing" Oct 71, 6
along with your scientific knowledge, and I, too, doubt the Mighty God (who both know His counsellor) could give you the secrets to bring food and rain to the world. Rain rain and spiritual rain.

I believe in the actual, the sky as a mirror works with the sea and it all has something to do with salt. Indeed there parallels and analogies exist through the fabric your world—Jesus said, "Ye are the salt of the earth;" and we do know the hungry, underfed, under-developed are those nations "who know not Christ" as salt do rain, and the rain—and Israel's land will be green again as they come back, and God will open rivers in high places.

Amen said, By whom shall Jacob arise? A plumbline, the plumbline is certainly men, your tools. And you know better than anyone living that God "hang the earth upon nothing" Job 26:6.
Here locked north and south of our globe were judgments for the spiritual which result in judgment for the physical, and this is the cause of earthquakes. This verse compensated for it—titled the earth—but "the whole creation groans and travails, waiting for the manifestation of the sons of God." I think much heat is being generated which is melting poles and vegetative steam—and someday—what a great blow!!

The foundation for the return of Israel as land and the nation again is the moon. The woman clothed with the sun—the moon under her feet, Rev. 12:1. Israel went into captivity and times of the gentile began in 586 B.C. with Nebuchadnezzar. He was king of the known earth. God gave him this power—comparable to your position today. He had a dream—taleful dream—which Israel's captive son, Daniel, interpreted for him. Notice the Scripture says after... (your punishment) then shalt thou know that the heavens do rule. Wherefore think of thy sins—and thine enmities by showing mercy to the poor, if there may be a lengthening of thy tranquility.
until then know that the Most High dwelleth in the kingdom of men, and giveth it to whomsoever He will.

(Daniel 4:17, 32)

Notice that word "tranquility." You have kept expensive items of possible waste in the moon's "sea of tranquility." Note the Russian rocket fell in the "sea of Crisis."

He is in a chess game, sir. God's challenge to Himself. It always hung a clean thing out of an unclear.

He finds Moses. "Lead me not into temptation." By the Word of the Lord were the heavens made. He spoke and it was done. "He hung the moon just close enough to entice man for centuries, and just far enough that "at the appointed time" for Israel, the world set foot on it. This is a truce on sovereignty. But if you will take all the technological advances and use them to the glory Lord, and show mercy to the poor. Certainly then will be a lengthening of your tranquility - "abundance of peace as long as the moon endures."

But if you persist in worshipping the works your hands, your computer, your technology, and do not..."
Peace in a chess game, sir: God's challenge to Himself to always play a clean thing out of an uncleanness. Forti prophesies: "Lead us not into temptation." By the Word of the Lord was the Heave mode. He prophesies of the future. He was done. He singing the moon just close enough to entice men for centuries, and just far enough that "at the appointed time" for Israel, we would set foot on it. This is a trespass on sovereignty. But if you will take all the technological advances and use them to the glory of God, and show mercy to the poor—certainly then will be a lengthening of your tranquility—"abundance of peace as long as the moon endures." But if you persist in worshipping the works of your hands, your computer, your technology, and do not admit these are all deceit which He has let you
...a person will be delivered to hell, and even a nation will have great convulsion. I tremble before we receive. Indeed, we will serve the Lord forever. O Lord thy word is settled in heaven.

The fear of the Lord is the beginning of wisdom.

What would your explication be today of the Lord's words? Israel will withdraw. The breath of the one coughing to come upon the others? Between the graveyard home and amid the waste, the American people could be lugging you in the face with pitchforks and shovels.

Consider the sharks crying! God can call them — call them up. I will hear for the flax. Folding the source of the almighty. The secret place of thunder the word starting — the voice of the Almighty.

If you ever go consider going on with a purpose, you and we are doomed. And in this letter I warn you and doing my job as a servant the King — you have a chance — a great chance —
The fear of the Lord is the beginning of wisdom.

What would your exultation be today if the Lord of Israel had withdrawn the breath of the one crouching to come pick up the others? Between the gray and some and amid the waste, the American people could be hitting you in the face with pitchforks and shovels.

Consider the planks crouching, God can call them—or call them up. I will hear for the fly. Hearing the voice of the Almighty, the secret place of thunder. He would staring—The voice of the Almighty.

If you even, go consider going in with a space station, you and we are doomed. And in this letter am warning you and doing my job as a servant the King. You have a chance—a great chance—serve HIM—yourself, the USA—Israel—and
