LETTERS OF
APPLICATION AND RECOMMENDATION
DURING THE ADMINISTRATIONS OF
MARTIN VAN BUREN, WILLIAM HENRY HARRISON,
AND JOHN TYLER, 1837-1845

The Department of State series of Letters of Application and Recommendation for appointment to Federal Office (1791-1901) is arranged in segments that correspond approximately to Presidential administrations. On the 35 rolls of this microfilm publication are reproduced the letters from this series for the administrations of Presidents Martin Van Buren, William Henry Harrison, and John Tyler, 1837-45. The letters are arranged in alphabetical order under the surname of the applicant or of the person recommended.

Many letters were addressed directly to the Secretary of State; others were forwarded to him by the President, Members of Congress, and Cabinet members. Most of the applicants sought specific positions for which they considered themselves qualified, such as marshal, attorney, judge, or clerk, and particularly for consular officer or commercial agent. Also included in the series are requests for employment in such Government agencies as the Treasury, the Post Office, and the Patent Office.

Among the subjects reflected, in these papers are the mass resignations of most of the Cabinet members inherited by Tyler from Harrison; the political attitudes of Henry Clay, John C. Calhoun, and Daniel Webster; financial reverses from the "Panic of 1837" claimed by many of the applicants; the "locofocoism" of Van Buren's faction of the Democratic Party; diplomatic relations with the Republic of Texas; tension with Canada along the northeastern United States-Canadian border; and the spoils system of the Jackson administration.

A separate organizational unit with responsibility for Letters of Application and Recommendation did not exist within the Department of State until 1834, when the Home Bureau was created and received custody of such records. The records were successively in the custody of the Clerk of Appointments and Commissions, 1846-70; the Bureau of Pardons and Commissions, 1870-95; the Appointment Clerk, 1895-98; the Bureau of Appointments, 1898-1924; and the Appointment Section of the Chief Clerk's Office from 1924 until January 11, 1939, when the records were transferred to the National Archives.

The records are part of Record Group 59, General Records of the Department of State. In the same record group are other documents relating to appointments to Federal office, including oaths of office, attested copies of confirmations and rejections by the Senate, and copies of commissions of departmental and Foreign Service personnel and other Federal officials.

The records reproduced in this microfilm publication were prepared for filming by Carol Blanchard and Thomas J. Stallans. Miss

Blanchard and Miss Judy Tresino wrote the introductory remarks and provided the other editorial material.

LIST OF APPLICANTS AND PERSONS RECOMMENDED

Each entry in this list gives the name of the applicant, appropriate cross-references to other applicants, the date span of documents and their enclosures, and the number of documents that contain a reference to the applicant or applicants. The term "document" as used in this microcopy refers either to an individual letter with no enclosures or to a letter of transmittal with its enclosures.

The list contains only the names of applicants for positions and of officeholders. It does not list the names of persons whose letters of endorsement and comment are also in the file.

Examples and explanations of the cross-references used in this microfilm publication are as follows:

1. Allen, Thomas M. See Russell, Col. William Henry.

Signifies that all material referring to Thomas M. Allen will be found under the name of Col. William Henry Russell.

2. Albers, John A., Dec. 2, 1842 (1). See also Hecker, Charles.

Signifies that in addition to the material filed under the name of John A. Albers there are references to him included under the name of Charles Hecker.
